

## **DFPES Study Guide: Haz/Materials Operations**

**For – 2021-2023**

**Curriculum reading reference:** IFSTA, Curriculum: Hazardous Materials for the First Responder, 5th Edition, NFPA 1072 – 2017 Edition

---

This Study Guide allows for textbook chapter review on the specific NFPA standard objectives being tested and is organized by page number(s) under each objective. It is from these page numbers that written test questions are derived.

It is recommended that the student review the Learning Objectives at the beginning of each chapter and material on each of the listed page numbers in preparation to take the written exam.

**This Study Guide is for review purposes only and not intended to replace other methods of instruction.**
